National Flight Academy – AM Chief, PM Chief, Weekend Chief

Anticipated Seasonal Work Timeline: Summer 2022, Fall 2022, Winter 2022, Spring 2023

Pay: Hourly

Chief Job Requirements: Must be able to pass a level two background screening. Must have a valid driver's license or state issued ID card. Health Information and Portability Act (HIPAA) certified (provided). Florida Department of Children and Families (DCF) Identifying and Reporting Child Abuse and Neglect certified (provided).

Chief Job Descriptions: The National Flight Academy (NFA) is seeking college students to serve in the capacity of 'camp counselor' at an aviation-based STEM camp! The position requires role play as a U.S. Navy Chief aboard the simulated aircraft carrier at the NFA on Naval Air Station Pensacola. Chiefs will serve as mentors and counselors to NFA program attendees. The position is responsible for supervising groups (squadrons) of 12 youth attendees on average and other duties as assigned. Chiefs are also responsible for the health and safety of their students.

AM and PM Chiefs will lead their assigned squadron through the daily portions of the program schedule. These activities will include off-ship excursions (field trips), small and large group team building exercises, assisting the facilitators with mission instruction, flight planning exercises, and the execution of planned missions. Weekend Chiefs will be responsible for weekly preparation, check in, graduation setup and teardown, and final clean up each week. They will also mentor/counsel early and late arrivals as assigned and help manage transportation.

Work Environment: The work location is the National Flight Academy facility on Naval Air Station Pensacola, Pensacola, FL. The employee will be required to work primarily indoors in dimly-lit, air conditioned settings in an educational-gaming/classroom environment. AM Chiefs will also spend portions of their day outside. Work will include long periods of computer screen monitoring and use of technology resources.
